OFFICE OF LEGISLATIVE COUNSEL

Tuesday - 29 February 1972

1. (Secret - GLC) Met with Bill Woodruff, Counsel, Senate Appropriations Committee, to see if we couldn't work out some alternative means of handling Senator Case's questions on Soviet ICBMs at a lower classification level through Woodruff. I showed him a less complete yet responsive answer to the Senator's questions. The revised response is classified "secret." Woodruff suggested an alternative which would involve passing the answer back to Senator Case through Mr. William Mills, of the Senator's staff, through whom the original request had been made. I told Woodruff I would be back in touch with him on this tomorrow.

2. (Secret - GLC) In response to his request, I hand-carried to Mr. Pat Holt, on the Senate Foreign Relations Committee staff, a biographic sketch on [REDACTED]

STATOTHR

3. (Unclassified - GLC) I provided Senator Robert Taft's (R., Ohio) office with a suggested reply to a constituent inquiry from [REDACTED] concerning allegations of Agency involvement in illicit drug traffic abroad.

4. (Secret - GLC) Left with George Murphy, Joint Committee on Atomic Energy staff, a brief statement which he could use if he is pressed further by Senator George Aiken (R., Vt.) on the subject of the alleged sale of jet aircraft to Guatemala by Israel. Murphy said he would put the statement with the Committee's transcript.

In response to his request about the Henry J. Taylor column on an alleged briefing of the President by the Secretary of Defense on Red China's atomic capability, I told Murphy that except for Lop Nor we still regard association of the other locations with China's atomic energy programs as classified although there have been some references to some of them in unclassified publications.

12. (Secret - JGO) Met with Mr. Ralph Preston, House Appropriations Committee staff, who told me that he has received the OMB letter on the Agency budget which sets forth in part the availability of funds for the Agency to cover the shortage in the budget amounts forwarded by the Department of Defense. Mr. Preston asked that I be sure to remind him of the need for inclusion of these amounts when the DOD supplemental comes before the Committee. Mr. Charles Briggs, OPPB, has been advised.

13. (Internal Use Only - LLM) In followup of the decision to go the legislative history route on S. 2515, Equal Employment Opportunities Enforcement Act, met separately with key staffers representing the principal Senators and Representatives on the conference committee and they all endorsed the insertion of the essence of our suggested statement in the conference report:

"In providing the statutory basis for such appeal or court access, it is not the intent of the Committee to subordinate any discretionary authority or final judgment now reposed in agency heads by, or under, statute for national security reasons in the interests of the United States."

(The underscored words of art from the 102(c) authority were added to make perfectly clear that the Agency was contemplated in this boiled down version of our suggested statement.) Involved in this determination were: from the House Committee on Education and Labor, Chief Clerk, Donald Baker; Director of the Labor Subcommittee, Robert Vagley; Chief Consultant, Tom Hart, and from the Senate Education and Public Welfare Committee, Counsel, Gerald Feder; Associate Counsel, Donald Elisburg, and Minority Staff General Counsel, Eugene Mittelman, representing respectively Representatives Carl Perkins (D., Ky.) and John Dent (D., Pa.) and Senators Harrison Williams (D., N.J.) and Jacob Javits (R., N.Y.).

Separately, Representative Albert Quie (R., Minn.), Ranking Minority Member of the full Committee, told Mr. Cary he would support our position and Representative John Erlenborn (R., Ill.), Ranking Minority Member of the Subcommittee, told me we could count on his full support.

The advice and approval of [ ] was obtained on the language<sup>25X1A</sup> above and Mr. Fisher was advised of the agreement on the language for whatever action is necessary to keep the Civil Service Commission apprised of these developments.

9. (Secret - JMM) John Lehman, on the White House staff, called to ask if the Agency was appearing this week before the Nedzi Subcommittee regarding the Hebert/Arends bill (H.R. 9853) on security of classified information. I said we were not, in view of our policy against appearing in open session. Lehman was glad to hear this. He asked my views about trying to delay hearings on this subject until next month so that the Administration's position could be clarified and further work completed in the NSSM 13 exercise. I said one argument against delay was the possibility that the Moorhead Subcommittee would pick up the ball and run with it, and I thought we were better off dealing with Nedzi. Lehman said this was a consideration which hadn't occurred to them, and maybe they had better take another look. He asked how we were getting along with Nedzi and I said there were no major problems at this stage. This seemed to surprise him.

Lehman said he had a friend leaving the Navy who was interested in a job with Air America. I suggested his friend contact Air America's office directly, but told Lehman to let us know when he did and give us any recommendations he might want to offer so we could be sure they got full attention.

25X1A 10. (Confidential - JGO) In response to Ambassador Winthrop G. Brown's, Deputy Assistant Secretary of State for East Asian Affairs, request for guidance in responding before the Senate Foreign Relations Committee if asked about the number of CIA personnel on the country team, forwarded to Mr. [REDACTED] DC/FE, a copy of the Department of State's 16 November 1971 letter. In accordance with the letter which forwarded to the Foreign Relations Committee the numbers of personnel in place by country and by agency, it was recommended that Ambassador Brown, if questioned [REDACTED] respond to the effect that he will arrange for the Department to provide this information to the Chairman.

25X1A 11. (Confidential - JGO) Talked to Mr. Bruce Clarke, OSR, who told me he had a good meeting with Mr. Fred Wikner, assistant to Dr. John S. Foster, Director of Defense Research & Engineering, Department of Defense, and relayed to him the information provided in the meeting with Mr. Frank Slatinshek, Assistant Chief Counsel, House Armed Services Committee, concerning differences in the information provided by the Director and Dr. Foster on Soviet R&D. Mr. Clarke will brief Mr. Slatinshek on the meeting.

Mr. Quie will be a senior conferee in the conference on this legislation which is scheduled for Monday afternoon. I was advised the Congressman is in Minnesota but they will have him call me when he returns Monday morning.

7. (Unclassified - SMG) Mrs. Denison, in the office of Representative Edward Boland (D., Mass.), called to set up an employment interview for a constituent, [REDACTED]. 5. (Secret - JGO) Met with Mr. Ralph Preston, House Appropriations Committee staff, who told me that the Department of Defense has granted an interim TS clearance for Lynn Quinney, of the Committee staff. The Chairman has requested a full field by the Bureau in accordance with the normal Committee procedures. Mr. Preston will let me know when it is finished.

I confirmed the luncheon date for Monday, 28 February, with Mr. Preston and told him I would plan to pick him up.

6. (Confidential - JGO) Received a call from J. Sourwine, Chief Counsel, Senate Internal Security Committee, who asked if we could tell him the present status and whereabouts of a defector of some 18 to 20 years ago by the name of [REDACTED] I told Mr. Sourwine I would relay 25X1C question and be back in touch.

7. (Confidential - GLC) [REDACTED] NE Division, advised that 25X1A the shipment which was of interest to Senator William Saxbe (R., Ohio) arrived today and would be transferred to the State Department in due course.

8. (Secret - GLC) [REDACTED] called to say he had been 25X1A invited by Mr. John McLucas, Under Secretary of the Air Force, to be 25X1A present when McLucas meets with Representatives Nedzi and Price and others to brief them on his program. I suggested that [REDACTED] raise this with the Director. However, when a light query to Mr. Russ Bradford, 25X1A Chief Counsel, House Armed Services Committee, indicated there was no 25X1A need for Agency involvement in this meeting, Messrs. [REDACTED] decided it would be best not to accept the invitation and [REDACTED] is so advising the Pentagon.

9. (Confidential - GLC) [REDACTED] D/Personnel, advised 25X1A he had talked with Mr. Hamilton Harper, in the office of Senator Lowell P. Weicker (R., Conn.), regarding his inquiry on behalf of an Agency employee who is scheduled for retirement. Fisher reported that Harper seemed to appreciate the reason for our retirement policy and said there was no need for us to answer a letter from their office which had already been dispatched to us on this case.

OFFICE OF LEGISLATIVE COUNSEL

Thursday - 24 February 1972

1. (Internal Use Only - JGO) After checking with Mr. John Unumb and Mr. Arthur Rosen, Bureau of East Asian and Pacific Affairs, Department of State, I called Mr. Gerard Schiappa, Administrative Assistant to Representative Louis Wyman (R., N.H.), in response to his letter of 18 February 1972. I told Mr. Schiappa that we do not copy TV newscast in the States nor does the Department of State and that it was the Department of State's suggestion that the principal source for copies of network TV newscast would be the particular network. I suggested also that he might want to check the Public Affairs Office, Department of Defense, to see whether they might have a copy for their overseas program. Mr. Schiappa thanked me for the call and the DOD suggestion. He also indicated no further response to Representative Wyman's letter is necessary.

2. (Confidential - JGO) Met separately with Messrs. Frank Slatinshek and John Ford, House Armed Services Committee staff, and discussed with them the blind memorandum of 23 February, "Moscow's View of Force Reductions in Europe." This memorandum is in response to Mr. Slatinshek's request of Friday as a followup to the question raised by Representative Randall (D., Mo.) after the Director's briefing of 8 February.

3. (Confidential - JGO) Met with Mr. Garner J. Cline, Counsel, Subcommittee No. 1, House Judiciary Committee, who told me that there would be no problem with the Democratic objector relating to H.R. 2076, a bill for the relief of Vladimir Rodriguez LaHera. Mr. Donald Benn, Associate Counsel of the Judiciary Committee, has not touched base as yet with the Republican objector but will do so before the private calendar is called on 7 March.

Mr. Cline told me also that the [redacted] was formally 25X1A  
tabled by the full Committee in its meeting of 22 February. The tabling was 25X1A  
without discussion on the basis of an adverse recommendation by the Subcommittee. 25X1

15. (Internal Use Only - JGO) By chance I met with Representative Sidney Yates (D., Ill) who thanked me for the assistance given him on Monday. He said that he had met General Dragunskiy at a dinner some time ago and is asking him for assistance in an immigration case. On reflection he feels that the Embassy may have been misleading him on the spelling of the General's name to provide an out for failure to deliver the letter. See Journal of 21 February.

16. (Confidential - GLC) [REDACTED] OEL, alerted us to 25X1A a personnel matter involving the wife of an employee of an Agency contractor at a sensitive installation who has registered a complaint with Representative Wilbur Mills (D., Ark.). The matter is being handled through DOD channels and there is no need for Agency involvement at this time.

17. (Secret - GLC) Returned to the Joint Committee on Atomic Energy copy 9 of the Director's prepared statement before the Committee on 16 February. Miss Edith Jack, the shorthand reporter, reviewed her notes on this copy and returned it to us.

George Murphy, on the Committee staff, said he told Senator George Aiken (R., Vt.) that we had no additional information on the subject of the Israelis providing jet fighters to Guatemala but the Senator expressed surprise and asked Murphy if he would double check this. The Senator apparently has information which he believes should also be available to the Agency on this subject. We are looking into this.

18. (Secret - GLC) Late in the day George Murphy, Joint Committee on Atomic Energy staff, called about the Henry J. Taylor item in the Washington Daily News of 22 February having to do with an alleged briefing of the President by Secretary Laird on Red China's atomic capability. Murphy was particularly interested in whether we consider reference to the locations mentioned in the Taylor item as classified. I told him I would talk to our people about this and give him a call.

11. (Internal Use Only - LLM) Placed a call to Commander Lappin, Department of Defense's action officer on H.R. 9900, Income Tax Exclusion for Military and Civilian Prisoners of War, concerning the prospects for Senate approval and the reasons behind the committee amendment, but he was out and he will call me back.

12. (Confidential - LLM) Called Charles Brower, Deputy Legal Adviser, Department of State, and told him that we had no comments to offer on his 15 February letter to Mr. Maury concerning the proposed strategy to defeat the Mansfield amendment calling for U.S. troop cuts in NATO. Mr. Brower said he appreciated the courtesy of this "no comment" reply.

13. (Unclassified - LLM) Scott Steeper, in the office of Senator Alan Cranston (D., Calif.), called and requested a copy of the China Atlas for use of their Los Angeles office, and I told him that someone would be by.

14. (Internal Use Only - LLM) Jay Sourwine, Chief Counsel, Senate Internal Security Subcommittee, called and asked if Fidel Castro had referred to Ceasar Chavez as "my comrade" in a recent speech probably delivered on 20 February. 13. (Secret - JMM) George Murphy, Joint Committee on Atomic Energy staff, called to discuss the Director's appearance yesterday. He asked if I felt that his comments on the case of some missing "yellow cake" uranium were clear. I said I thought he summarized the case accurately. He agreed with my recollection that the only item on which we were committed to supply supplementary material for the record concerned Senator Aiken's question about Israel supplying fighter aircraft and small arms to Guatemala and other small countries. However, he said he would check the transcript to see if there were other items that required followup action.

He said the entire presentation had been completely successful, but all the members were especially impressed with the Director's extemporaneous discussion of the political situation in China, which Senator Pastore had commented on most enthusiastically.

14. (Internal Use Only - RJK) Delivered to the office of Senator Robert Dole (R., Kans.) a [ ] item in which his name was mentioned.

15. (Internal Use Only - RJK) Delivered to Ken Manella, on the staff of Senator Richard S. Schweiker (R., Pa.), a People's Republic of China Atlas for the Senator's use.

16. (Secret - GLC) Sam Goldberg, on the staff of Senator Charles McC. Mathias (R., Md.), called. He said Senator Philip Hart (D., Mich.) has interested Senator Mathias in his proposal to extend the nuclear test ban treaty to include underground testing. Goldberg said Senator Mathias has gotten quite interested in this and has received briefings from DOD and AEC on the subject but he and Senator Hart would like to hear from us. They would like us to tell them what the Soviets are doing in the field of underground nuclear testing and to give them our judgment as to whether a U.S. move to ban this type of testing (either unilaterally or otherwise) would place the U.S. in a disadvantageous position vis-a-vis the Soviets. They would also like us to brief them on the state of the art for detecting such tests. Goldberg said the only time the two Senators would be available for a briefing in the immediate future is tomorrow morning at 9:30. They realize that responding on such short notice is an unreasonable request and, therefore, would be willing to defer the briefing if we cannot make it tomorrow. I told Goldbert I doubted we could do anything by tomorrow morning since this had to be taken up by the Director, but I would raise the question and be back in touch with him as soon as I had an answer.

25X1A 1. (Confidential - GLC) In connection with a request from Carl Marcy, Chief of Staff, Senate Foreign Relations Committee, for a copy of the paper which had been prepared on the cost of terminating the Radios, [REDACTED] C/CA Staff, advised the matter had been taken up with the Executive Director-Comptroller who felt that if this paper was to be passed to Marcy it should be given to him by either State Department or OMB. Feldman has been in touch with State Department and State is currently looking into the situation.

2. (Confidential - GLC) Called Mr. Harry Symmes, Deputy Assistant Secretary for Congressional Relations, Department of State, and reviewed with him the facts pertaining to our talks with Representative John Murphy (D., N.Y.) in connection with his proposed trip to the Panama Canal Zone. I made it clear to Symmes that in our dealings with Murphy and General James Lawrence, Deputy Assistant to the Secretary of Defense (Legislative Affairs), we had studiously avoided the diplomatic and political aspects as to whether Murphy should or should not go on the trip and we had also avoided becoming involved in whether he should be provided transportation by the Air Force. I asked Symmes if he would be sure that Assistant Secretary David Abshire was made aware of this and he said he would.

Mr. Symmes mentioned that State had been caught off guard by the decision of the Senate leadership to call up the Case bill, S. 596, on international agreements. He said the Department had a speech ready for use on the Senate floor on this and while they didn't expect to head off any action on the bill they had planned to get such a statement on the record in the hope that it would be helpful in defeating the bill in the House. At this juncture Symmes is fearful that if the bill is brought up on the House floor that it will pass there also. He said his only hope was that it could be slowed down and otherwise lost in committee.

4. (Confidential - JMM) Called Representative Durward G. Hall (R., Mo.) in response to a note he gave the Director when the Director appeared before the House Armed Services Committee on 8 February asking about the Director's relations with other members of the community. I said I would be glad to come over and talk to Dr. Hall personally at his convenience. He said he wanted the "straight story" and not the usual "obfuscation" and asked if I was speaking for the Director. I said I would make sure I got instructions from the Director before talking to him, but we would certainly "tell it straight." I said if he had any particular sensitive questions to raise personally with the Director, I was sure the Director would try to arrange to see him, but the Director was quite busy these days. Hall said he would be glad to talk to me about the matter some time after Tuesday, 22 February.

5. (Secret - JMM) Mr. David Abshire, Assistant Secretary for Congressional Relations, State Department, called to say they were having serious trouble with the Radios but he expected they could swing Senator Fulbright at the last minute.

He also inquired about our briefing this morning of Representative John M. Murphy (D., N.Y.) and I told him I didn't have the details, but knew that Murphy had raised with us the possibility of a military aircraft and we had undertaken to pass this request on to the Pentagon.

6. (Internal Use Only - JGO) Met with Mr. Richard Barton, Employee Benefits Subcommittee, House Post Office and Civil Service Committee, who told me that the Hanley bill, H.R. 11150, concerning the rights of Federal employees, is scheduled on the agenda for the meeting of the full Committee tomorrow. Mr. Barton noted that should question arise concerning the Udall amendment to provide annual reporting by exempted agencies under the bill, he has the notes that I gave him concerning the factors affecting personnel security for reference. He will have copies of Chairman Hebert's letter to Chairman Dulski requesting full exemption for the Agency placed on each Committee member's desk for their individual information. It was noted, in passing, that a lack of quorum for the meeting would cause cancellation of the session tomorrow.

12. (Internal Use Only - LLM) Accompanied [redacted] OCI, to a briefing requested by Representative John Murphy (D., N. Y.) on Panamanian reaction to the Panama Canal Subcommittee's upcoming trip to Panama. Jim Larocca, Administrative Assistant, and Major Moore, Escort Officer, also attended. The briefing went well.

Representative Murphy said they were having trouble getting a military aircraft for the trip and saw our general assessment that Panamanian reaction to the trip in large measure depends upon whether the Subcommittee limits itself to strictly Zone matters as opposed to treaty negotiations and Panamanian matters as additional justification for the use of military aircraft (which would land in the Zone and not in Panama). He asked that we pass our assessment on to Rady Johnson, Assistant for Legislative Affairs, Department of Defense. I called Mr. Johnson's deputy, Brigadier General James Lawrence, and explained the background of Murphy's request, pointing out that we had no interest in whether the Subcommittee traveled or not and that where the Subcommittee deplaned was only one of a number of factors affecting their profile in Panama, which he understood completely. I informed Jim Larocca, in the Congressman's office, of what I had told General Lawrence.

13. (Unclassified - LLM) Delivered to Winnie Adams, in the office of Senator Alan Cranston (D., Calif.), a suggested reply to a constituent inquiry on the T. D. Allman article, "Boy Soldier," which had appeared in the San Francisco Chronicle. This closes out the inquiry.

8. (Secret - JMM) Met with Bill Woodruff, Counsel, Senate Appropriations Committee, and discussed plans for the 15 February briefing of the Defense Appropriations Subcommittee. Woodruff recommended that the Director cover a prepared text on the Soviet Union, Communist China, and Southeast Asia, leaving other areas for the question period. He said the Subcommittee was skeptical about recent testimony of Admiral Zumwalt regarding the rapid expansion of the Soviet navy, and Woodruff recommended the Director devote "four or five minutes" to this subject.

Woodruff said he would like to get from John Clarke "within the next week or ten days" a "money and people" paper for FY 1973 on CIA, DIA, NSA and NRO, similar to the paper provided last year.

Woodruff said Chairman Ellender wanted a special briefing on the intelligence community from Mr. Helms and Assistant Secretary of Defense (ISA) Albert Hall in the near future--possibly appearing jointly, although Ellender has not made up his mind on this aspect. Woodruff said that, although he planned to hear from both the Director and Hall, Ellender would probably try to hold the Director responsible for the entire community.

Woodruff expressed concern over the reference to tactical intelligence in the Presidential directive, and I assured him that this was something which we felt strongly had no place in the community picture. Woodruff agreed, noting that excluding the costs of tactical intelligence would help him to cut the figure on community intelligence costs.

9. (Secret - JMM) Met with Senator Milton Young and discussed the Director's appearance next week before the Defense Appropriations Subcommittee. In response to his earlier request, I briefed Senator Young on the status of Indian nuclear development.

10. (Secret - JMM) Frank Slatinshek, Assistant Chief Counsel, House Armed Services Committee, called to say that Chairman Lucien Nedzi's (Intelligence Subcommittee) nose was out of joint as a result of a phone conversation he had with Secretary Laird regarding a matter [redacted] and I had discussed with the Chairman last week. Slatinshek said that the correspondent Seymour Hersh had been pushing Nedzi to make some public statement about the matter but Nedzi had, true to his commitment to us last week, stuck to a "no comment" statement. Slatinshek said Defense had suggested that [redacted] and I join with them to meet Nedzi to try to quiet him down but Slatinshek seemed to have some doubts as to whether this would be a good idea. I said we would be perfectly willing to do this and Slatinshek said in that case it might be well to do it before the Director's appearance before the full Committee on Tuesday, 8 February. I said we would see if we could arrange it by then. [redacted] is checking with Defense to work out a mutually satisfactory time.

10. (Internal Use Only - JGO) Met with Mr. Frank Slatinshek, Assistant Chief Counsel, House Armed Services Committee, who told me that Chairman Hebert would appreciate a briefing by the Director for the full Committee on either Monday, the 7th, Tuesday, the 8th, or Wednesday, the 9th of February. The briefing would be the annual worldwide roundup. The briefing would be a morning session for 10:00 a.m. The Director has been advised.

11. (Confidential - JGO) Met with Mr. Ralph Preston, House Appropriations Committee staff, who told me he thought that the letter from Chairman Mahon to Chairman Dulski, House Post Office and Civil Service Committee, had gone forward. I thanked Mr. Preston and told him I would check the Post Office and Civil Service Committee to see if it had been received. He told me that he had received the information he had requested on the Radios from Mr. James Frey, of OMB, and stated that this is all that he needs from us at the present time. Mr. Preston told me he would like to schedule for himself and Mr. Woodruff, Senate Appropriations Committee staff, to visit Headquarters as soon as the budget book is ready. Once that session is behind us we can then start looking to a date for the Agency budget presentation before the Special Subcommittee. Mr. Preston told me also that he has received a question from one of the sensitive DOD components concerning possible date for that organization's appearance before the Special Subcommittee and asked that I relay this item to John Clarke. I reviewed with Mr. Preston the administrative arrangements for tomorrow's briefing. In part Mr. Preston told me that an invitation has not been extended to the Military Construction Subcommittee for attendance at tomorrow's briefing and that the Chairman has not yet appointed a replacement for Representative Andrews.

12. (Unclassified - LLM) Spoke with Roy Banner, General Counsel, National Security Agency, and he said that they had not received requests for views from either Office of Management and Budget or Chairman Hebert, House Armed Services Committee, on H. R. 9853, which establishes a Commission on the Classification and Protection of Information. Mr. Banner's understanding of the background of the bill confirms what we have learned.
